

Trading record on the Day-Ahead Market operated by OPEM – 7,428 MWh traded for delivery day 2 October 2026

For delivery day 2 October 2026, the volume traded on the Day-Ahead Market (DAM) reached 7,428 MWh, the highest level recorded during the first year of operation of the Republic of Moldova's Day-Ahead Market. The average price recorded on the DAM for delivery day 2 October 2026 was 2,592.29 MDL/MWh (129 EUR/MWh), representing a 4% decrease compared to the previous delivery day.

This result was supported by the 21 participants who submitted buy and sell orders. The volume offered for sale also reached an absolute record, with 10,742 MWh offered on a daily basis.

OPEM – Energy Market Operator M S.R.L. is a subsidiary of OPCOM S.A., the Electricity and Natural Gas Market Operator in Romania, operating in the Republic of Moldova.

About OPEM

OPEM is the Power Market Operator M Ltd. of Republic of Moldova. OPEM was designated on 21 February 2024 by the Govern of the Republic of Moldova as market operator of the electricity market in the Republic of Moldova, an important step in the process of creating and operating a transparent, efficient and sustainable electricity market, according to the European standards and best practices. The National Agency for Energy Regulation of the Republic of Moldova granted OPEM, on 19 March 2024, the License operating the electricity market. Later in 2025, OPEM was designated by ANRE as the Nominated Electricity Market Operator (NEMO) with the mission of implementing the international coupling of the Moldavian day-ahead electricity market and the intraday electricity market. In December 2025, OPEM launched the commercial operation of short-term markets, organized in accordance with European standards, in compliance with the requirements set forth in the applicable regulatory framework.

OPEM is a subsidiary of the Romanian Electricity and Gas Market Operator "OPCOM" SA of Romania, having the headquarters in the Republic of Moldova.

About OPCOM

OPCOM is the Romanian Electricity and Gas Market Operator. Since 2000, OPCOM has been committed to strengthen a marketplace where energy and environmental certificates are traded in conditions of transparency and integrity. Today, the trading portfolio offered by OPCOM ranges from electricity products to gas products, as well as green certificates. More than 800 companies are using the products available for trading on short-term electricity, gas, and green certificates markets as well as on term markets for electricity, gas, and green certificates bilateral contracts. In addition to this role, OPCOM is responsible for settlement of the transactions concluded on short-term energy markets and also acts as Registered Reporting Mechanism under REMIT managing almost 400 reporting agreements on its electricity and gas markets. OPCOM was designated by the Romanian Energy Regulatory Authority as Nominated Electricity Market Operator (NEMO) in accordance with Regulation (EU) 2015/1222 for fulfilling tasks related to the coupling of the day-ahead and intraday markets. In 2024, OPCOM was appointed as CFD counterparty under the Contracts for Difference support scheme for low carbon technologies.

OPCOM applies the Quality Management System complying with ISO 9001:2015, respectively the Information Security Management System complying with ISO/IEC 27001:2022, both systems being certified by LRQA.
