#### **About OPCOM**

**OPCOM** is the Romanian Electricity and Gas Market Operator. Since 2000, OPCOM has been committed to strengthen a marketplace where energy and environmental certificates are traded in conditions of transparency and integrity. Today, the trading portfolio offered by OPCOM ranges from electricity products to gas products, as well as green certificates. More than 800 companies are using the products available for trading on short-term electricity, gas, and green certificates markets as well as on term markets for electricity, gas, and green certificates bilateral contracts. In addition to this role, OPCOM is responsible for the settlement of transactions concluded on the short-term electricity markets and also acts as a Registered Reporting Mechanism under REMIT managing more than 350 data reporting agreements on the electricity and natural gas markets. OPCOM is also Nominated Electricity Market Operator (NEMO), designated in accordance with Regulation (EU) 2015/1222 for fulfilling tasks related to the coupling of the day-ahead and intraday market.

OPCOM applies the Quality Management System complying with ISO 9001:2015, respectively the Information Security Management System complying with ISO/IEC 27001:2013, both systems being certified by Lloyd's Register.
