* the tariff is NOT applied to the participants already registered to one of the markets administrated by OPCOM SA.

** the final customer wishing to be included in this category will submit proof of natural gas consumption in the previous gas year. Starting with the second year of registration, the customer will send up to November 29 the natural gas consumption in the completed gas year. If the natural gas consumption of the completed gas year is not transmitted by the established date, the customer will be classified in the maximum consumption category.

*** the tariff includes all the services related to DAM-NG transactions having OPCOM as counterpart
